Shopaholics, Java Junkies, Fitness Freaks, Savvy Natives, and Everyone Else:

0 of 0 people found the following review helpful. Excellent Useful and Well Written  
By I Reader  
As a Bay Area native I love this book and have given it as a gift several times. It is full of well designed, thoughtful tours for all different types of people. I hope she is able to publish an updated version. Buy this book, you'll love it.  
0 of 1 people found the following review helpful. Excellent guide, great read  
By David X. Clancy  
This book is a great way to get to know SF. As a local, you can do all the things you're "supposed to do" that you haven't done, even though you've lived here for years. Visitors to the city will get a great mix of must-do tourist attractions, and an inside peek into the many things that make San Francisco great that don't begin with "Fish" or "Golden" - a real local flavor.  
The author is a regular contributor to the SF Chronicle Newspaper, and her articles are always a treat. She has a great writing style and is extremely witty - this book is actually an entertaining read straight up even if you're not looking for a guide book. She "gets" San Francisco and passes it on to you.  
Especially invaluable if you have friends/family coming to SF and you need to show off our little city by the bay, but can't for the life of you remember anything to show them, except for things starting with "Fish" and "Golden". Many chapters that customize a visit to SF for each visitor type - from that "interesting older aunt" to the "wornout by the kids couple". It's a lifesaver when you're expected to give someone the "SF Experience".  
0 of 0 people found the following review helpful. An entertaining guide book for both locals and visitors of SF  
By A Customer  
This guide book presents a new twist to the standard travel guide. There are 20 chapters/tours, and each is geared toward a different type of visitor. Obviously, you wouldn't take your grandparents to the same places you'd take your old college buddies. For locals with out-of-town guests, it answers the age-old question of "where am I going to take these people?" For locals or visitors of San Francisco and the Bay Area, select a chapter that fits your mood or personality, and you're on your way.  
The author is a native of San Francisco and she presents all the necessary information about both well known and not-so well known sites in a useful and highly-entertaining fashion. It's a fun read even if you're not planning on spending a lot of time site-seeing. Try it, you'll like it!

The most refreshingly quirky guidebook to come along in years, *San Francisco As You Like It* presents 20 ingenious tours to suit all kinds of interests. Time to relive the Summer of Love? Dust off your bell-bottoms because here's the tour for you. Got a guest who loves to hike, bike, and climb? Try the outdoorsy ideas in "Heavy Sweaters." Want to impress a date, rekindle your romance with the city, or eat your way around the bay? Longtime resident Bonnie Wach has got you covered. With an insider's view and a sassy attitude, *San Francisco As You Like It* is for everyone who wants more than the usual tourist fare.

"This is the funniest, most readable, and most flat-out useful guidebook I've ever read. It's so loaded with good ideas you'll find yourself tempted, finally, to give Mom your address. I'm a native here, and I didn't know a tenth of this stuff." -Adair Lara, *San Francisco Chronicle*  
"A comprehensive, refreshing approach that will help the visitor to San Francisco plan just what to do." -USA Today  
"Most guidebooks assume you wear Bermuda shorts and enjoy standing in line at a tedious tourist spot. Here is a guide that will help you avoid urban vacation bummer. Instead of cable cars and Rice-A-Roni, *San Francisco As You Like It* offers 20 unusual tours." -Playboy  
"Can teach even resident San Franciscans a thing or two." -Chicago Tribune  
"Garnished with an un-guidelike measure of humor and irreverence." -Philadelphia Inquirer
