I would recommend it for anyone who grew up in the area.1 of 1 people found the following review helpful. Historical and FunBy KristieI love all the books from this author about San Luis Obispo. I was born and raised in SLO and learned so much about this town that I never knew! If you have ever lived there, vacation there, or have family there, you MUST pick up these books! There are so many interesting facts about the past and the books are filled with great photos. These definitely are books that you will want to frequently pick up and thumb through! I bought mine through slo100years.com for a great deal.

This book is a treasure of photos and facts that inspire a fun exploration into the past and present of San Luis Obispo

downtown buildings and businesses on Monterey and Marsh Streets.
