By Hiker Girl
This book is a collection of writings by Katie Lee. Some are about people she's spent time with in her life (including Edward Abbey!) and many are about her adventures in canyons and on the river. I love her descriptive writing and her clear love of hiking and spending time in the southwest. I definitely recommend this book for those who love hiking in the southwest, or just love the southwest!

Loved this book. Moved to Arizona a year ago and appreciated the author's love of the area. I also felt challenged by the author to fully engage in life.
