ADK used to include a very high quality map in its "High Peak Trails", but no longer so in its latest editions.0 of 0 people found the following review helpful. Great MapBy Janice E. VadnaisThe Map is very informative and Very Clear to read, I have two maps and going to order more. One very important fact is it's great instead of paper. Paper gets wet out bush whacking as in earlier years.0 of 0 people found the following review helpful. Five StarsBy VTGreat map from what I can tell. Stinks that they split lake placid in half but o well.
