unknown and "local" treasures. "Savvy in the City: New York City" a - See Jane Go Guide to City Living by Sheridan Becker and Jayne Young is a wonderful little gem that breaks down those hard to find places by neighborhood and category. Each of those contains :Eats ... (from the best and greatest - to those small little gems)Treats ... (from massages to tattoo's)Traumas... (for when you break your Prada heals)Treasures ... (those really whims)Twilight... (all the great clubs)Tripping ... (for those with adventure on their mind)You'll find great little sections such as best cheap manicures and diviest pubs. It's all those must haves for young woman in the BIG CITY. Great resource and really user friendly. Loved the whole feel and illustration.Cheers!8 of 9 people found the following review helpful.

Interesting, but not very helpfulBy A CustomerThis is a cute little book that would probably be fun for someone who had recently moved to New York City and was trying to find their way to fun things to do and see. We didn't find it very useful for our very brief visit to the city. The references to fun places to have "girl stuff" done were intriguing, and, as I said, would probably be fun for someone who lived in the city. Overall, for planning a quick visit -- or a first-time visit -- I don't think people would find this book very helpful.2 of 4 people found the following review helpful. Pretty Good.By Sandra SoveyThe book is great for the most part. I loved that it had maps in the first few pages and it had some recommendations I had not seen in other New York books. However, it did not mention as to whether it was cheap, middle of the road or expensive.
