The book is pretty good with respect to descriptions of approach, maps, picture, etc. However, many additional routes have since been bolted in this area since publication. If you're going out there, check with the locals for more updated information, or look on Mountain Project's web site.0 of 0 people found the following review helpful. good overviewBy justinWent to the grand canyon area. should have drove an hour south for paradise forks. Grand Canyon- loose, bolted poorly.This book was good though.

Take a memorable trip along 30 of Arizona's most spectacular landscapes and natural wonders--the Grand Canyon, Petrified Forest, Monument Valley, and the Sonoran Desert--and enjoy special attractions and historical points along the way.

From the Back CoverPack up the car and enjoy thirty separate drives through the deep canyons, cacti-spotted desert plains, and grassy prairies of Arizona. This indispensable mile-by-mile highway companion maps out day trips that explore the Grand Canyon State. Discover Arizona's multicultural history, geographic diversity, and awe-inspiring scenery along highways and back roads, from the Grand Canyon and the Painted Desert to the volcanic White Mountains and the Apache Trail Scenic Byway. Along the way stop and explore the ruins of ancient Indian villages, watery playgrounds such as Lake Mead, the natural delights of national parklands, and the ghost towns and abandoned gold mines of Arizona's pioneer days. Inside you'll find: individual itineraries from 16 miles to 169 miles in length; in-depth descriptions of attractions along the way; maps outlining each route; historical information and suggested side trips.
