It provides a lot of information and a lot of drives. But.. I feel the layout could have been a bit better. I think the book should be laid out by region, so you can do multiple in one shot

and there should be larger maps for each drive. A lot of the drive maps do not have major cities listed on them so it is hard to tell where they are in relation to anything, but that's an easy fix with Google Maps, and this still provides a good list of drives. 1 of 1 people found the following review helpful. Useful By Francis M. Van Meter Useful but not the end-all. 2 of 2 people found the following review helpful. SCENIC DRIVING-ARIZONA BY STEWART M. GREEN By Sherry Kotecki This paperback book is in very good shape. The book contained useful information and maps of areas that we can drive to; we didn't know these scenic drives existed in Arizona.
