Stewart M. Green : Scenic Driving Back Country Byways, 2nd (Scenic Routes Byways) before purchasing it in order to gage whether or not it would be worth my time, and all praised Scenic Driving Back Country Byways, 2nd (Scenic Routes Byways):

0 of 0 people found the following review helpful. ok if you are a 4wd travelerBy GrammasheFocus is on 4WD experiences. Book is older. Wouldn't buy it again

Detailed information on 38 Back Country Byways designated by The Bureau of Land Management that traverse 1900

miles through eleven western states including maps and color photos

From the Back Cover Discover the startling beauty and stunning diversity of America's public lands. Scenic Driving Back Country Byways guides steering-wheel recreationists along forty-five of the most magnificent drives found in eleven western states. Relive history such as Lewis and Clark's epic trek across Montana and Idaho or the dust bowl days on historic Route 66 in western Arizona. Become awestruck by the natural beauty in Colorado's San Juan Mountains or in Oregon's lush Coast Range. Or find solitude on plateaus and prairies along your journey. Written by outdoors writer and photographer Stewart Green, this book provides comprehensive route descriptions, travel information, detailed maps, information on recreational and camping opportunities, and special attractions. The author also explains the types of byways and the best way to drive them. Use this guide as your indispensable companion on your journey through remote, untamed, and unforgettable lands. (6 X 9, 296 pages, bw photos, maps).
