Bob Clark : Scenic Driving Idaho (Scenic Routes Byways) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Scenic Driving Idaho (Scenic Routes Byways):

0 of 0 people found the following review helpful. Five Stars By m.h.happy shopper 0 of 0 people found the following review helpful. Older Publication, But Still Valuable By Outskiing My copy is used and a bit dated, but I knew this when I bought it. However, it still offers a nice description of the tours and if anything the views are even better than described. 0 of 0 people found the following review helpful. Scenic Driving is a good series. By Bernard H.

Kammerman We've used the Scenic Driving series on many of our long road trips. It is a good entry point to get into the countryside.

Twenty-seven drives.

From the Back Cover Clear mountain lakes, rugged peaks, towering forests, spectacular canyons, and desert plains form an inspiring backdrop for these scenic drives through land once traveled by explorers Lewis and Clark, miners during the gold rush, and the hardy pioneers on the Oregon Trail. This guide contains comprehensive route descriptions, detailed maps, information on nearby attractions, travel-season recommendations, and fascinating facts about the geology and history of the area. Black-and-white photos illustrate the drives, and the stunning eight-page color section will entice you to take these roads-less-traveled.
