S. A. Snyder : Scenic Driving Montana (Scenic Driving Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Scenic Driving Montana (Scenic Driving Series):

Scenic Driving Montana covers twenty-four of the most spectacular drives in the Treasure State, from the breathtaking Beartooth Highway in south-central Montana, to Glacier National Park's Going-to-the-Sun Road, to the grasslands and

badlands of eastern Montana. The routes pass through Montana's small towns, offering a window on life in such communities as Chinook, Swan Lake, Lame Deer, and Big Timber. Scenic Driving Montana provides comprehensive route descriptions, including information on camping, travel services, best seasons, special attractions, and historical points of interest. Detailed maps and black-and-white photos complement each description. Also included are eight pages of stunning color photos.
