Don Kurz : Scenic Driving the Ozarks (Scenic Routes Byways) before purchasing it in order to gage whether or not it would be worth my time, and all praised Scenic Driving the Ozarks (Scenic Routes Byways):

Scenic Driving the Ozarks details the natural and cultural highlights to be found along the most inviting roads in Missouri, Arkansas, and Oklahoma, including the Ouachita Mountains. One drive even ventures through a rare hill prairie in southwestern Illinois. A Missouri sidetrip leads to the home of frontiersman Daniel Boone. At a state park in

Arkansas, mountain music fills the air and the heritage of the Ozark mountain peoples celebrated. "Runestones," rock carvings attributed to the Vikings, can be found in an Oklahoma State park. Scenic Driving the Ozarks provides comprehensive route descriptions, including information on camping, travel services, best seasons, special attractions, and historical points of interest. Detailed maps and black-and-white photos complement each description. Also included are eight pages of stunning color photos.
