Peterson's : Scholarships for Study in the USA 2000 (Peterson's Scholarships for Study in the USA Canada)

before purchasing it in order to gage whether or not it would be worth my time, and all praised Scholarships for Study in the USA 2000 (Peterson's Scholarships for Study in the USA Canada):

It contains 600 scholarships, but you won't find one which would be good for you. I found only 10 scholarships for undergraduate business program and none of them was suitable for me. It also contains scholarships for US residents - I thought it is a book for int'l students! You must very lucky to find at least 1 scholarship which you'd be eligible for... I had higher expectations of Peterson's.

Dissapointed...2 of 2 people found the following review helpful. It's OkBy A CustomerThis book proves to be very

useful, in particular to undergraduate students. However, I found that a lot of the scholarships for graduate study were very specialized and required the student to be a member of various organizations that offered the scholarship
