Ms. Mary L. Peachin : Scuba Caribbean before purchasing it in order to gage whether or not it would be worth my time, and all praised Scuba Caribbean:

0 of 1 people found the following review helpful. Way short on detailsBy Dadrock33didn't care for it very much. To say the least, the Caribbean is a very large place and to even begin to describe the items that she wants to review would take a much larger volume. Doesn't cover much really and the dive sites aren't covered in any detail at all nor are they covered very well. Not at all what I expected.0 of 0 people found the following review helpful. awarding

winning scuba guide book
By Customer
This guide book earned top honors from the Outdoor Writers of American. There are not too many diver's as familiar with Peachin's 35 years of diving the Caribbean. 0 of 0 people found the following review helpful.
scuba carribbean
By Kathleen C. Reid
A good book about different options for scuba adventures in the Caribbean. Good overview guide with some specifics. Will serve as a resource book for all levels.

A must-have reference for any diver looking for scuba destinations in the Caribbean

"Both virgin and veteran divers will enjoy using this comprehensive resource on any dive trip to the Caribbean." - Lynn Seldon, author of *Quick Escapes Florida* and coauthor of *Hidden Bahamas* "Always, you can count on Mary to provide an honest evaluation through her experienced eyes. She is constantly on the look for the best experience for any diver. And that's what *Scuba Caribbean* is all about. And that's why it's the perfect guide for any diver headed to a new Caribbean destination.... [This is] the guidebook I wish I had when I first dived the Caribbean." - from the foreword by Ben Davison, publisher of *Undercurrent*
About the Author
