Tamsin Venn : Sea Kayaking Along the New England Coast (AMC Paddlesports) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sea Kayaking Along the New England Coast (AMC Paddlesports):

0 of 0 people found the following review helpful. Nice read. I haven't used my kayak outside of ...By Mario MendesNice read. I haven't used my kayak outside of the greater Boston area, but I'll be keeping this in the car just in case :)0 of 1 people found the following review helpful. just rightBy Maryann Maythis book came in a super timely manner and has all the info i was looking for.22 of 22 people found the following review helpful. Ultimate New

England Kayak Book By Daniel Smith A delightful collection of ocean kayaking trips along the entire New England coast, from Maine to Connecticut. The book describes more than 30 trips in detail: put-in spots, suggested route, possible lunch spots, scenery, caution areas, campsites, and local-knowledge items such as what tide is required for a passage, plus post-paddling eating establishments. Venn covers both day trips and multi-day camping expeditions. The author has clearly done her research in planning each trip, incorporating her own knowledge and experience with that of local paddlers who have done these trips for years. Venn's style is easy to read and follow, and if you have a navigational chart of the area it is very easy to map her suggested route using her text descriptions and the maps provided. The introduction contains very brief overviews of such general topics as equipment, navigation, and rescues, but because of the limited space delegated them, these topics are best covered elsewhere. Overall, this is an immensely useful book with enough detail so you know what to expect before you drive to the boat launch. If you live in New England, I highly recommend it.

Now completely revised and updated, with a new design that's easier to use, Sea Kayaking along the New England Coast offers the best of New England ocean paddling in one handy guide.

From the Back Cover Thirty-two great trips, from the challenging Down East Canoe Trail in Maine to Connecticut's Thimble Islands. (6' x 9', 240 pages)
