Sarah E. Truman : Searching for Guan Yin (Companions for the Journey) before purchasing it in order to gage whether or not it would be worth my time, and all praised Searching for Guan Yin (Companions for the Journey):

4 of 4 people found the following review helpful. A great surprise readBy MonicaThis book tackles some mysterious lore about the powers of Kuan Yin and her role in modern China. Sarah enters into the mystery with her eyes and heart wide open, and with a simplicity that only a clear mind can capture. She is hilarious and human and quite endearing. This makes a great gift for those involved in traditional Chinese medicine or for seekers looking for a mindful read that is not to head-y. I am really, really enjoying this book.1 of 1 people found the following review helpful. I really enjoyed this bookBy CustomerI really enjoyed this book. If you have ever searched for something elusive, it provides an unfolding template of that journey. Truman's writing is personal, vulnerable, and transporting. I loved immersing

into China each time I opened this quick, rich read.

"Sarah Truman's closely observed jaunt in China and Tibet offers some priceless scenes, from trying to hilarious. How lucky she is to be watched over in her travels by the gentle, lively Bodhisattva of Compassion Kwan Yin." Sandy Boucher, author of *Discovering Kwan Yin* Sarah E. Truman explores a lifelong affinity with Guan Yin in a two-year journey through China filled with unexpected encounters. She portrays China as a country where life is rooted in raw, street-level survival, and where Guan Yin can only be experienced after all concepts, preconceived notions, and spiritual illusions are abandoned.

Sarah Truman's closely observed jaunt in China and Tibet offers some priceless scenes, from trying to hilarious. How lucky she is to be watched over in her travels by the gentle, lively Bodhisattva of Compassion Kwan Yin. Sandy Boucher, author of *Discovering Kwan Yin: Buddhist Goddess of Compassion*
