1 of 1 people found the following review helpful. Just what I wanted!By L. LeeI'd used a book like this when i lived in

Missouri and hoped to find the same thing for Florida. I did! Set up in chapters by month, and sub-chapters by happenings for the month, it's a very informative book to use when wanting a bit of the outdoors or going camping. I like to note, inside each month, where and when I've found the topics. Fun to look back on years later, too!
