SEATS: NEW YORK 2ND EDITION HITS THE SHELVESBy jode millmanFollowing in my father's footsteps, SEATS : NEW YORK has arrived in a new, updated second edition. SEATS is your guide to the best SEATS in the house and features: 150 Seating plans to New York metro area theatres, concert halls, and sports stadiums with SEATS pricing guide. It also includes: "insider" tips on locating the best SEATS at the best discount prices, detailed maps of the SEATS Theatre districts around NYC, user-friendly directions and transportation information to get you to your SEATS, parking locations convenient to your venue and four seasons of FREE SEATS around the town. All this information is compiled into a nice pocket-size format which is a must for every theatre-goer. As Mayor Bloomberg says: "So be sure to consult your SEATS guide and enjoy the show!"9 of 9 people found the following review helpful. It's about time theater goers were given some considerationBy A CustomerWith all the "waste of time and ink" publishers are inflicting on the reading public, it's about time that a publisher has released a book that makes sense. SEATS explains clearly how to buy theater tickets at discount prices, some at the unbelievable price of \$3. I tried it and it really works. The seating plans are unbelievable! I ordered my tickets from Ticketmaster and the salesman mumbled, "oh, Seats again," when I told him exactly what I wanted. I could tell from the colors where to find the best values. Horay for Sandy Millman, Seats is a brilliant idea.1 of 1 people found the following review helpful. A very useful tool,well presented informationBy sky@sunet.netThe book provides an opportunity to check a theatre and know something more about the location of your seats than just a stub number in an easy to use design.

A guide to every theatre seat positions and price ranges on Broadway, off-Broadway, off-off Broadway and in out-of-town theatres frequented by New Yorkers and visitors.
