**Jim Gullo : Seattle Portland For Dummies? (Dummies Travel)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Seattle Portland For Dummies? (Dummies Travel):

5 of 5 people found the following review helpful. Nice "Northwest travel guide" By Todd Hawley I visit Portland often and have long wanted to also spend some time in Seattle. As much as I get to Portland, I had no idea about some of the places mentioned in this book. Lots of attractions, where to eat, where to shop, what to wear in both Portland Seattle, and so forth. With all the times I've been in the great Northwest, I had no idea how much there truly was to see in both

cities. And the book is written in a casual enough style, so that not only can you read about various places to see, but also this can be used as a quick reference. The next time I travel to Portland (and when I get up to Seattle), I'm definitely taking this book with me so I can visit some of the areas and restaurants I've missed in my previous travels there. Anyone planning a visit to either city will enjoy this book.
