Seattle, Washington (City Travel Guide 2017):

2 of 2 people found the following review helpful. Not what I was expecting... No insightful information provided about each venue..By LindaLindaI took a chance buying this without any reviews and will be returning it.The book truly is a just a compilation of several lists: Top 500 Shops, Top 500 Restaurants, Top 500 Arts and Entertainment, Top 500 Nightlife Spots. Each list is in order from 1-500. Each entry consists of the following information:NameCategory/CuisineAverage Price LevelArea LocatedAddressPhone NumberThat's it. No insight on why the venue is well rated, no website references, no additional sorting such as by neighborhood or category/cuisine. I could get more and better information off the internet. On the inside page the author refers to this as a directory and truly that is all it is. If that is what you are looking for great, but I was expecting more..
