1 of 1 people found the following review helpful. a bit dated, but some good stuffBy racheljoonThis book is a bit dated in 2009; many of the restaurants and finds have either gotten popular and well-known, or gone out of business. But it's a wonderful resource to explore Boston's nooks and crannies, and a jumping off place for many adventures. I highly

recommend it, and always use it to think of suggestions when friends come to town for a visit. 0 of 2 people found the following review helpful. Well Worth the Price By Dowdy Dave This little gem is well worth the price. The book contains many off-the-beaten path trips.
