By S. Steele
My mother wanted a book on Disneyland so I did a lot of research on different books. I now know much more than I ever wanted to on the subject of Disney trivia books. This book is, I think, the best book available on its subject. It is, however, somewhat lacking. Some of the most interesting bits of trivia about the park are omitted, and most chapters leave the reader unsatisfied with the generally sparse amount of information for each attraction.
2 of 2 people found the following review helpful. Fun to have and read plus very informative.
By Corellian_Scoundrel
If you are taking your first trip to Disneyland, or you are a current visitor, do take this book with you. You will enjoy the activities included on the book. (Specially if you need to wait in line during peak visit season) There are extra pieces of information that will make you look like a Disneyland expert. Who ever thought knowledge will be so much fun!
0 of 1 people found the following review helpful. The author really dropped the ball...
By SB-9
Too bad the author didn't use LARGER pictures; and colored ones. The photos are 1" square, dark, kind of blurry and almost impossible to see what the author is talking about. Many times, the picture doesn't depict what is written next to it. There isn't very much information on any of the attractions. I used to work at Disneyland; I would not recommend this book.

This guide is intended to be a look at the magic behind the magic of Disneyland Park in Anaheim, and will give the reader a greater appreciation for the incredible efforts and innovations that create the Disneyland experience. If seeing how a magic trick works spoils the fun for you, then you might want to try another guide. However, if you find yourself asking "How do they do that?" when you see an oncoming boulder in Indiana Jones or translucent ghosts in the Haunted Mansion, this guide is here to satisfy your curiosity. This guidebook includes: Behind-the-scenes information for every attraction in the park. Tips on where to spot the special touches and inside jokes. A comprehensive list of the most notable Hidden Mickeys in Disneyland. Puzzles and games to be played while waiting in line for specific rides.

About the Author
Alan Joyce is a writer, podcaster, and photographer. His recent projects have included a collection of informational podcasts and two guidebooks for the Disneyland Resort in Anaheim, CA.
