Bill Gately : Sentinels of the Shore: A Guide to the Lighthouses and Lightships of New Jersey before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Sentinels of the Shore: A Guide to the Lighthouses and Lightships of New Jersey*:

0 of 0 people found the following review helpful. Helpful and Informative
By ABohr
Purchased this book to help my son do his NJ 4th Grade Fair Project and by the time we were done with the book and finished with the several month long project, the bindings were worn out and all pages were dog-eared. This book ended up being more informative than a lot of stuff that we found on the internet and in the local library.
0 of 0 people found the following review helpful. Lovely book!
By Dot, the lighthouse/Christmas lady
This is a lovely book which makes a great addition to my lighthouse collection. I've learned a great deal about some New Jersey lighthouses I didn't know had ever existed.

By Anna L. Cavalli-Branney
Nice book

When people think of New Jersey's lighthouses, most think of a famous few: Barnegat, Sandy Hook, Twin Lights, and Cape May. But from New York Harbor, down along the coast to Cape May and up the Delaware Bay, the total number of lightstations, past and present, is 49. Surprisingly, 26 New Jersey remain standing today. This comprehensive full-color hardcover guide includes all of the lighthouses and lightships that are part of the state's maritime history. This book provides historical information as well as stories of the keepers and notable achievements, and includes 40 color photographs. The book can be easily slipped into a large pocket or backpack, and directions and locations for visitors are provided. The guide also includes a lighthouse bibliography and color fold-out map of all past and present New Jersey lightstations.

"A welcome guide and a lovely little tome anyone would be delighted to receive as a gift... priced right, pretty, and useful, but also enjoyable. --Elinor DeWire, author of *Guardians of the Lights*"
"Illuminating." --Asbury Park Press
"While the era of lighthouse keepers ended in 1988 with the automation of Ambrose Tower at Sandy Hook, the lights and their stories live on in *Sentinels of the Shore*." --The New York Times
"Illuminating." --Asbury Park Press
About the Author
Bill Gately researched New Jersey's lighthouses and lightstations for more than a decade, and is a former director of the New Jersey Lighthouse Society and member of the United States Lighthouse Society.
