**Chris Hoffman : Shecky's Bar, Club and Lounge Guide for New York City (Shecky's Bar, Club Lounge Guide for New York City)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Shecky's Bar, Club and Lounge Guide for New York City (Shecky's Bar, Club Lounge Guide for New York City):

MakShecky's is by far one of the most useful recreational/night spot resources I own. While I do not always agree with the reviews, the comments are definitely worth taking into consideration and are usually rather amusing (especially the

review of the Gemini Lounge). At the very least, this guide can help you eliminate the frat boy bars from consideration!1 of 1 people found the following review helpful. Shecky's Has Changed My LifeBy brian niemietzThis is the greatest book I've ever read and that includes the classics. And, for all of you cynics out there, I'm not just saying this because I'm the senior editor (P.S. The 2004 guide is hitting stores this week).1 of 1 people found the following review helpful. Don't know where to go? Here's the answer.By Alan BreckShecky's makes it easy to pick a watering hole. All the reviews are funny, hip, and, most importantly, true. Whether you live in New York or are just visiting, this book will help you find refreshment.
