Do yourself a favor -- next weekend pick a chapter from this book and go somewhere! Each itinerary is easily done in a day. The maps are helpful and the descriptions of each location include some historical flavor. Instead of speeding through small towns on your way to somewhere else, you get a chance to explore for hidden gems. Even the smallest towns have an antique shop, BBQ joint, or interesting historical site that's worth a stop. Happy trails!

My Husband and I visited Houston, San Antonio Austin, we only had a couple of weeks in which to fit in as much as we could. This book was a brilliant way to get the most from a short time. It helped us to enjoy our visit to the full. We hope to visit more of the USA and shall certainly use this type of book again.

I really enjoyed using Day Trips from San Antonio and Austin to plan several recent weekend excursions. I found the book very helpful and used it to plan a trip to Corpus Christi and another to the Hill Country. Even though I have lived in this area for over 20 years, I found many hidden treasures thanks to this guide!
