**Stan Tekiela : Shorebirds of the Southeast Gulf States (Adventure Quick Guides)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Shorebirds of the Southeast Gulf States (Adventure Quick Guides):

Your quick guide to identifying shorebirds When you're out and about, keep this tabbed booklet by Stan Tekiela close at hand. Featuring 72 shorebirds seen in the Southeast and the Gulf States including Alabama, Florida, Georgia, southern Louisiana, Mississippi, North Carolina, South Carolina, southeastern Texas, and Virginia the booklet is organized by group for quick and easy identification. Narrow your choices by group, and view detailed photographs of just a few shorebirds at a time. The pocket-sized format is much easier to use than laminated foldouts, and the tear-resistant pages help to make the book durable in the field.

About the Author Naturalist, wildlife photographer and writer Stan Tekiela is the author of more than 175 field guides, nature books, children's books, wildlife audio CDs, puzzles and playing cards, presenting many species of birds, mammals, reptiles, amphibians, trees, wildflowers and cacti in the United States. With a Bachelor of Science degree in Natural History from the University of Minnesota and as an active professional naturalist for more than 25 years, Stan studies and photographs wildlife throughout the United States and Canada. He has received various national and regional awards for his books and photographs. Also a well-known columnist and radio personality, his syndicated column appears in more than 25 newspapers and his wildlife programs are broadcast on a number of Midwest radio stations. Stan can be followed on Facebook and Twitter. He can be contacted via [www.naturesmart.com](http://www.naturesmart.com).
