Kathy Morey, Mike White, Stacey Corless, Analise Elliot Heid, Chris Tirrell, Thomas Winnett : Sierra South: Backcountry Trips in California's Sierra Nevada before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sierra South: Backcountry Trips in California's Sierra Nevada:

1 of 1 people found the following review helpful. Excellent backpacking guide book By Roboto I love this book already. It has a lot of different backpacking guides in the Southern Sierra Nevada. There is a companion book for the northern half of the mountains. The trips are detailed and also sorted by distance and difficulty. There is also a lot of advice about small side trips that can be added on. There are maps too however I would recommend buying a larger

map, such as the Tom Harrison maps, to go along with this book.0 of 0 people found the following review helpful. Five StarsBy A. TRINIDADEGreat way to plan trips. I have used two and found them to be accurate.1 of 1 people found the following review helpful. Five StarsBy JohnIndispensable.

This completely revised and updated 8th edition of Sierra South now covers an expanded region of the Sierra, from the southern boundary of Yosemite National Park to southern Golden Trout Wilderness. With new trips and old favorites, Sierra South is the classic guide to backpacking in Sequoia and Kings Canyon national parks, Ansel Adams Wilderness, and Mt. Whitney.
