The photography is amazing. However, each resort or hotel is given one page and then it is only a few paragraphs of description. It was not what I anticipated, I need a lot more info than two small paragraphs to sell me on a trip, anywhere. I used to have a paperback of resorts and spas with in depth info on each property, even prices, this is not it!1 of 1 people found the following review helpful. Coffee Table BookBy PaulGreat coffee table book, not something you want to use to plan a trip. Excellent photos, not much info provided. Travel + Leisure's *The World's Greatest Hotels, Resorts + Spas* (2010) showcases 138 noteworthy properties around the globe. The volume is the fifth in an annual series from the magazine and features nearly 200 images from Travel + Leisure photographers throughout its 288 pages including the Viceroy Miami; Ace Hotel Swim Club, Palm Springs; Peninsula House, Dominican Republic; Estancia Vik Jos Ignacio, Uruguay; and Hotel Missoni Edinburgh, Scotland. In addition, there are spotlights throughout on destinations with standout properties--New York City; Miami; Barbados; Salta, Argentina; the Cotswolds, United Kingdom; Venice; Namibia; Goa; and Southland, New Zealand--and a section featuring the magazine's annual World's Best Awards winners and T+L 500 listings, a collection of hotels, resorts, and spas selected by the magazine's readers. A directory in the back of the book organizes the properties by location and by category. It's not a travel guide, just a way to dream about some of the world's most dreamworthy properties...
