Marilyn Nelson Clark : Travel on Your Own: Go Now Here's How, An Adventure in Discovery, Solo Travel Can Be Fun

before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Travel on Your Own: Go Now Here's How, An Adventure in Discovery, Solo Travel Can Be Fun*:

15 of 15 people found the following review helpful. Truly outstanding help in its important, specialized topic. By Leon Fletcher
If you've ever considered traveling alone, this is certainly the book you need to help you decide--- go to!
Readable, specific, informative tips---and, unusual for a travel book, this one is not padded with stories of the author's travels. Still, the author has traveled alone for years, so you can be sure her tips are practical. The book is organized in three main sections: what to do before you leave, while traveling, and upon returning. Especially valuable and useful: 8 check-off lists, including documents, toiletries and health items, gifts, general, and a form to add your own personal reminders. In sum: a truly practical, useful book!
7 of 8 people found the following review helpful. any idiot knows the details in this book
By E. Houde
Upon receipt of this item and a browse through I immediately decided to return it. The information contained within is basic info and person that has traveled more than once in their life as an adult will know. There was a lot of information about travel in general and very little about actually traveling solo. But, if you are looking for general travel info the book is quite complete.
7 of 8 people found the following review helpful. An exceptional informative travel guide!
By A Customer
This is the very best informative guide to travel and all the pitfalls to avoid that I have ever read. The author sticks to the pertinent and important facts, without boring the reader with a lot of unnecessary details. I would recommend this book not only to "solo" travelers, but to everyone who wants to read a good informative guide to travel.
