Tamara Logsdon Hawkinson : Travel Smart: Arizona before purchasing it in order to gage whether or not it would be worth my time, and all praised Travel Smart: Arizona:

2 of 2 people found the following review helpful. Helpful book for planningBy A CustomerThis book was really good

in helping to plan my trip to the southwest. I really liked the suggested schedules listed in the back. It gave a rough idea of just how much time one should allow. The descriptions were accurate and that helped a lot. I only found 1 thing that didn't match up and that was only a difference in a few miles. Overall this book was really good and I would use it again.
