Interesting and varied selection of travel talesBy KaydeeAmazingly varied selection of travel highlights covering numerous countries, different aspects of travel and very varied writing styles. A great opportunity to delve into the

lives of a number of published authors and enjoy their journeys. Definitely made me want to read more of their work too. It was a terrific book to be able to dip in and out of when I didn't have large chunks of time available to be able to read a book from cover to cover. 8 of 8 people found the following review helpful. Fab compilation of travel shorts! By To be Frank...A very interesting and enjoyable collection of 'shorts', some of them very short but none the less impactful for that (I particularly enjoyed Graham Higson's and Jacky Donovan's offerings), some of them rather longer and really catching the flavours of countries like India (Gareth Nixon) and Thailand (Doug Jones). There really should be more books like this, go on Mr Fear, knock out another one!
