Jeff writes in the introduction "I hope you enjoy this journey By Joseph W Markel Jeff writes in the introduction "I hope you enjoy this journey, learn as much as you can from my mistakes and realizations as a roaming American on foreign soil, and feel inspired along the way. More than anything else, I hope you have as much fun reading as it was to write and experience the Mountaintop way of life." His hopes came to fruition. I found the book to be entertaining, insightful, and inspirational. 2 of 2 people found the following review helpful. A Great Glimpse into what Life SHOULD Be By A. Kessel At first, I thought this book to be another in

a very long list of 'this is what I did on my summer vacation' tributes. But...after the first paragraph I was proven wrong. Incredibly wrong. Jeffrey Davis shares with readers an incredible story of a very positive and upbeat man with the courage and drive to live the life less ordinary. *Traveling Triumphs* delivers exactly what it promises - a ring side seat into the amazing adventures the author undertakes while studying abroad. Not only does he learn some very great things while at University, he learns even more valuable life lessons while experiencing Europe, lessons he so eagerly shares with readers, not as a 'look what I've done' statement, but a 'look what I've done and YES YOU can do it too!' exclamation. I urge everyone who has ever had a dream to live their life as it was meant to be lived to read this book. You won't be sorry you did. AND, you may even be inspired to begin your own incredible journey! 0 of 0 people found the following review helpful. After finally having the joy of sitting down by the pool with "*Traveling Triumphs*" By Lauren Renz After finally having the joy of sitting down by the pool with "*Traveling Triumphs*", I have been able to experience Davis's amazing journey. From Budapest to Brussels, one crazy day leads to another, and the reader is transported into the recent graduate's trip of lifetime. Davis highlights such moments as a brush with homelessness, near-death experiences, and spontaneous friendships the reader can only hope will extend past the final chapter. Juliette certainly seems like a light-force, and I hope Davis takes her up on her offer to visit Athens. Truly a great timeline to explore and jumpstart any travel enthusiasts want of a new adventure! I would highly recommend this book.
