Treason in the Rockies is another of Paul Herbert's well-researched books on little known American history. I was astonished on learning how many German POWs were living near me when I was a teenager during WWII. There were camps all over the USA. The vast majority of POW's are normal like you and me, - nevertheless there are exceptions, very dangerous exceptions like those who the American GI, Dale Maple, helped escape.

Harvard honor alumnus Dale Maple had a promising future, but his obsession with Nazi Germany led to his downfall. Classmates often accused him of pro-Nazi sentiments, and one campus organization even expelled him. After graduation, he enlisted in the U.S. Army, only to be relegated to a unit of soldiers suspected of harboring German sympathies. He helped two German POWs escape imprisonment at Camp Hale and flee to Mexico. The fugitives ran out of gas seventeen miles from the border and managed to cross it on foot, only to be arrested and returned to American authorities. Convicted and sentenced to death for treason, Maple awaited his fate until President Franklin Roosevelt commuted his sentence to life imprisonment. Ultimately, he was released in 1950. Paul N. Herbert narrates the engrossing details of this riveting story.

"During World War II, hundreds of thousands of German, Italian, and Japanese prisoners of war were held in the United States. One of these domestic POW camps, at Camp Hale near Leadville, was the site of an escape plot. Dale Maple, a Nazi sympathizer enlisted in the Army, nearly made it across the Mexican border with two German soldiers. Author Paul N. Herbert, who writes about this history in his new book: "Treason In The Rockies," ..."

About the Author Paul N. Herbert has spent decades ferreting out fascinating history, researching and telling stories about Richmond's historic Jefferson Hotel, a legendary dancer, the Radium Girls, the impeachment of a Supreme Court justice (yes, it happened) and Abraham Lincoln's personal finances, among others. Herbert's books will keep your interest and teach you a few things along the way.
