George A. Petrides : Trees of the Rocky Mountains (Trees of the U.S.) before purchasing it in order to gage whether or not it would be worth my time, and all praised Trees of the Rocky Mountains (Trees of the U.S.):

0 of 3 people found the following review helpful. love those mountain trees!By Darren KrethI love books about the trees in the western mountain regions. owning a home in Cloudcroft, NM, I appreciate the beauty aroma the trees give off. you won't find these types of trees in San Antonio.

Trees of the U.S. are easy-to-use regional field guides for backpacking, camping , and other outdoor activities.

About the AuthorGeorge A. Petrides is the author of the Peterson Field Guides to eastern and western trees and a former professor of wildlife ecology at Michigan State University.Olivia Petrides is an adjunct associate professor at the School of the Art Institute of Chicago.
