2 of 2 people found the following review helpful. Fun spots to take kids in and near BaltimoreBy Cindy TooleAs a mother of two kids under 10 year old as well as a newcommer to the Baltimore area, I found this book extremely helpful in finding things to do with my kids. The book is laid out wonderfully.It seaperates activitie into seasons which I found extremely helpful. It also let you in on some "inside secret" place to take your kids that cost little or no money. Each activity and place had excellent directions, hours of openings, Phone numbers to get addional information as well as admission costs. I had borrowed this book from a friend and found it so helpful that I bought my own copy! A super and must have resouce good for anyone with children new or old to Baltimore!

This ultimate guide to day-trips, festivals, and special events within an hour's drive of Baltimore is guaranteed to chase away winter doldrums and summertime blues.
