Marilyn and Daniel Melega : Tuckerton, New Jersey, and Surrounding Areas before purchasing it in order to gage whether or not it would be worth my time, and all praised Tuckerton, New Jersey, and Surrounding Areas:

Over 280 photos of postcards and memorabilia illustrate the history of the seaport town Tuckerton, New Jersey, her splendid buildings present and long gone, the 850 foot Transatlantic wireless radio tower erected in 1912, and the bone-jarring antics that took place at the Tuckerton and Manahawkin automobile racetracks. Local residents fill in the details of Tuckerton's history with tales as colorful as the postcards. Values for the postcards are included.
