Richard F. Arey : Twin Cities Winter Recreation before purchasing it in order to gage whether or not it would be worth my time, and all praised Twin Cities Winter Recreation:

1 of 1 people found the following review helpful. my second copyBy J. TroutnerHad a copy of this book a while back and gave it to a friend who started skiing in the MPLS area when I had to move away. Am moving back so wanted to have a reference guide to all the great ski trails again. Glad I could find this absolute gem of a book on .

The only guide you need for Minneapolis/St. Paul winter recreation. 95 parks and trails, 10 downhill ski areas and where to enjoy winter walking, skating, ski jumping, ice climbing, snow tubing and bird watching. "Lay-flat" binding so you can copy trail maps to take with you.
