William L. Lang, Carl Abbott : Two Centuries of Lewis and Clark: Reflections on the Voyage of Discovery before purchasing it in order to gage whether or not it would be worth my time, and all praised Two Centuries of Lewis and Clark: Reflections on the Voyage of Discovery:

3 of 3 people found the following review helpful. From 1804 to our time...By Pacific_Girl This is a GREAT book. It is

easy to read and well-written. You will enjoy reading it if you have to study Lewis and Clark or just to improve your knowledge about the Trail. There are three extremely interesting parts:- The focus on the Northwest at the time of the Trail- How people have been celebrating the importance of the Expedition / Centennial, etc...- The conversation between Lang, Conner, Zinn and AbbottPlus: pictures punctuate the book / useful for people who are not from the Northwest0 of 2 people found the following review helpful. Three StarsBy CustomerNothing I'd write home about

The landscape encountered by the Corps of Discovery during their multi-year, cross-country trek to the Pacific was dramatically different from the one that greeted visitors attending Portland's Lewis and Clark Centennial Exposition in 1905 or the one that exists in the Pacific Northwest today. On the occasion of the bicentennial of the Lewis and Clark expedition and the centennial of the Lewis and Clark Centennial Exposition, the time is ripe for reconciling those earlier events with present-day activities. In *Two Centuries of Lewis and Clark*, William L. Lang and Carl Abbott have collaborated to address those issues. Lang scrutinizes the motivations for the Lewis and Clark expedition and the environmental ramifications of its discoveries on the people and the landscape of the Columbia River Basin. Abbott examines the ways in which the Lewis and Clark Exposition advanced President Jefferson's goal of developing the economic potential of the Pacific Northwest, particularly through the exploitation of the region's abundant natural resources.

About the AuthorWilliam L. Lang is professor of history at Portland State University; he is the author of a number of books including *A Confederacy of Ambition: William Winlock Miller and the Making of Washington Territory*. Carl Abbott is professor of urban studies and planning at Portland State University and author of several books, among them *The Metropolitan Frontier: Cities in the Modern American West*.
