**Steve Kohler : Two Ozark Rivers: The Current and the Jacks Fork** before purchasing it in order to gage whether or not it would be worth my time, and all praised Two Ozark Rivers: The Current and the Jacks Fork:

0 of 0 people found the following review helpful. Loved the bookBy BrutusLoved the book. It was filled with beautiful pictures. Of special interest to me was the information about the major spring sources of the two rivers.0 of 1 people found the following review helpful. Five StarsBy MJDawson\* \* \* \* \*

Two Ozark Rivers has become a perennial favorite among canoeists, hikers, and other outdoor enthusiasts. Now this remarkable portrait of the Current and the Jacks Fork Rivers, granted national-park status in 1964 as the Ozark National Scenic Riverways, is available for the first time in paperback. Oliver Schuchard's dramatic visual presentation and Steve Kohler's evocative description vividly interpret this unique region, where beauty, recreation, and relaxation are delightfully combined.

"Now the blue-green, clear waters of Ozark streams can be seen from the dry comfort of your favorite armchair. But as

readers page through [Two Ozark Rivers], it's hard to believe that many will want to sit inside for long. The book is an invitation to the Missouri wilderness that is hard to refuse."--St. Louis Post-Dispatch
