Erika L. Quesenbery, Bainbridge Historical Association : United States Naval Training Center, Bainbridge (MD) (Images of America) before purchasing it in order to gage whether or not it would be worth my time, and all praised United States Naval Training Center, Bainbridge (MD) (Images of America):

0 of 0 people found the following review helpful. Remembering BainbridgeBy OldtymerI was hoping to see more pictures of how the base looked today. I went through basic training and FT School there from October 1954 until

December of 1955. I was then assigned to the USS Toledo where I served the remainder of my enlistment.0 of 0 people found the following review helpful. Lost Colony of BainbridgeBy Robert B. MacdougallFor anyone of the thousands of men and women who spent time at the former naval training center in Bainbridge, Maryland, this book will tell you and show you things you did not know. As a former midshipman candidate at the Naval Academy Prep School, I was particularly interested in reading about the Tome School for Boys around which the naval station was constructed.0 of 0 people found the following review helpful. Great BookBy Barbara LaskyMy Husband went to boot camp there and it brought back many memories.The book was well written and very interesting.

After the federal government purchased the Tome School for Boys in the northeasternmost county of Maryland in 1941, more than 1,200 acres were cleared for the United States Naval Training Center, Bainbridge. Preparing 350,000 sailors for battle in World War II, Bainbridge became a city in itself, with a PX, officers club, chapel, post office, drill fields, indoor pools, and hospital. Because of the training center, Cecil Countys population more than doubled. After 1976, when the center fell into disuse, the buildings were demolished. They live on, though, through the vintage photographs in this volume, collected from the archives of the Paw Paw Museum, the USNTC Bainbridge Museum, the U.S. Navy, and historic yearbooks and guidebooks. Images of America: United States Naval Training Center, Bainbridge aids in the efforts to preserve the centers memory for veterans and their families.

About the AuthorAuthor Erika L. Quesenbery is the curator of the Paw Paw Museum in Port Deposit, the vice president of the Port Deposit Chamber of Commerce, and a volunteer and tour guide for the USNTC Bainbridge Historical Association.
