Kelly Monaghan : Universal Orlando: The Ultimate Guide to the Ultimate Theme Park Adventure before purchasing it in order to gage whether or not it would be worth my time, and all praised Universal Orlando: The Ultimate Guide to the Ultimate Theme Park Adventure:

10 of 10 people found the following review helpful. Very useful and accurateBy LDLewisJust got back from Orlando

so waited to review until trip was complete. This book was a great resource in planning our trip to Universal Studios and Islands of Adventure. The information was accurate and helpful, especially in deciding what to see first in each day. 4 of 4 people found the following review helpful. Great book for planning! By pclark I bought this book a few months ago and have been going through it very well to find out all the info I can. I've never been to Universal Studios before and really want to go for my son's 10th birthday and my birthday in December. Our main goal is to see all of the Harry Potter stuff. Everything else would be an added bonus. One of the things that I had been looking at are the hotels on the Universal property. This book gives you a pretty good outline of the pros and cons of each hotel. I did figure out from this book that you can't use the express pass on the Harry Potter attractions which was the thing that would've been worth it to stay at one of their hotels. The book also goes into detail about all of the rides, how much the food at the various places in the park costs and it even gives you a good day planner. The day planner even has a different agenda for the Harry Potter fans, which is great for us!. Overall the book is very helpful and helping to plan our trip and gives me a pretty good idea on how much money I'll need. Great book! Definitely get it if you've never been to Universal Studios and want something to help give you a good idea of things. 9 of 9 people found the following review helpful. Very Useful book By Nibor I bought this book before going to the 2 Orlando Universal Parks with my husband leaving our adult sons at home. We are in our late 50s/early 60s. I read the book before going and looked up several things while down there. I found the book very helpful as I am a person that likes to know things before going. We ate in several of the suggested restaurants and were not at all disappointed.

Universal Orlando has become the preferred destination for sophisticated adult fun-seekers and thrill-seeking teenagers. This new edition, fully updated for 2010, provides in-depth reviews of every ride and attraction in the parks (including Universal's new Hollywood Rip, Ride, Rockit roller coaster), CityWalk (Universal's entertainment district), and Universal's three luxury resort hotels with their gourmet restaurants. PLUS an in-depth preview of the highly anticipated Wizarding World of Harry Potter.

Up-to-date, with detailed ride descriptions, ... sharply insightful ratings...[and] witty and literate writing. -- Seth Kubersky, Orlando Weekly, December 28, 2007 From the Publisher You can trust Kelly's descriptions because he's experienced it all firsthand, not once but many, many times. He's ridden the rides, eaten the foods, shopped the shops, and slept in the beds. From the Author Universal Orlando is no mere copycat operation. It represents a new departure in theme park and resort destinations that is very shrewdly positioned in the marketplace to build its own following and capitalize on any decline of the Disney brand. It is sure to capture the imagination of new generations of vacationers who are seeking a different kind of theme park experience designed with the twenty-first century in mind.
