Oliver, 1822-1897 Optic : Up the River or, Yachting on the Mississippi before purchasing it in order to gauge whether or not it would be worth my time, and all praised Up the River or, Yachting on the Mississippi:

1 of 1 people found the following review helpful. ok I guessBy Gryphon50no description of what this book is on . I thought it was about exploring up the Mississippi, it actually seems to be a fictional work though. Didn't read the whole thing but it seems to be very dialogue heavy, almost more like a play script than a novel. Not my cup of tea.
