A good summary of the national parksBy CustomerI was taking a trip to many of the National Parks and wanted to learn about them before I went on the trip. This book gave me that and more. It covered many sites which I did not visit but plan to in the future1 of 1 people found the following review helpful. USNP WestBy lance ramrodbeautiful book with clear info on each NP in the west. a good reference guide to

review different aspects of the different parks.0 of 0 people found the following review helpful. Travel!By Reta ChastainThis book gives me so much information, if I never get to all the parks I will feel like I have! Thank you and have a wonderful week.

This guide covers some 28 National Parks in the Western USA, and provides both practical information and maps alongside a detailed description of the fascinating wildlife, landscape and geology.
