From Hallwag : USA Texas (Hallwag) before purchasing it in order to gage whether or not it would be worth my time, and all praised USA Texas (Hallwag):

2 of 2 people found the following review helpful. Almost perfect. By E.D. Gunn Everything is great about this map. Good size. Great quality. It looks like it'd be able to go through the ringer and come out fine. Only one small issue: some of the very tiny roads I know about just aren't on the map (probably couldn't scale that small). I realize, that non-digital maps lack "zoom" mode so I can't hold it against the map. As far as old fashioned maps go, this one is a steal. If all else fails you, this map will save your ass in a pinch.
