I have a regular four wheel drive vehicle - not a rock crawler.I can look at the roads I want to dive and choose if it's too dangerous to consider. No sense in driving off a cliff unless you want to.Great details and lots of useful information.0 of 0 people found the following review helpful. Superb job!By Steve LarsenReally good and comprehensive book. Extremely well researched and highly useful when venturing off-road in Utah.0 of 0 people found the following review helpful. good oneBy Gail J. MorrisWe hope to put this book to good use on our next visit to Utah. We have a Jeep but most cars can use the roads listed here. well put together
