Bill Weir, Robert Blake : Utah Handbook before purchasing it in order to gauge whether or not it would be worth my time, and all praised Utah Handbook:

This guidebook covers the awesome range of recreational opportunities in Utah, including national parks, historic sites, canyons, fishing rivers, ski resorts, and museums and attractions in Salt Lake City. Throughout is practical travel

information--useful maps, tips on wilderness travel, ski safety and bargain hunting. Photos maps.

About the Author Bill Weir got started in travel writing during the early 1980s by contributing to the excellent Moon Publications titles, South Pacific Handbook and Indonesia Handbook. That led to the idea of doing a guidebook to his home state, Arizona. Next Bill headed north to the Beehive State to write the comprehensive Utah Handbook. Robert Blake is also based in Flagstaff and is a keen astronomer and outdoor enthusiast. He has taught college astronomy, physics, and math.
