Bill Weir, W. C. McRae : Utah (Moon Utah) before purchasing it in order to gage whether or not it would be worth my time, and all praised Utah (Moon Utah):

-- Covers preparations for the 2002 Salt Lake City Winter Olympics

About the AuthorBill Weir got started as a guidebook author in the early 1980s by contributing updates to Moon's excellent South Pacific Handbook and Indonesia Handbook. That led to the idea of writing a guidebook of his own,

the Arizona Handbook. Bill next headed north to write Moon Handbooks: Utah. He's also authored Moon Handbooks: Grand Canyon and the colorfully illustrated National Geographic Traveler Arizona. Bill McRae is the coauthor of several travel guides, including Moon Utah and Moon Montana. He has also edited books for National Geographic and Mobil Guides and has written for websites like GORP.com and Expedia.com. In his spare time he earns money by writing polemics for a high-tech PR company. He makes his home in Portland, Oregon.
