Control and Prevention, U.S. Department of Health and Human Services, National Center for Environmental Health : Vessel Sanitation Program: Operations Manual before purchasing it in order to gage whether or not it would be worth my time, and all praised Vessel Sanitation Program: Operations Manual:

The Centers for Disease Control and Prevention (CDC) established the Vessel Sanitation Program (VSP) in the 1970s as a cooperative activity with the cruise ship industry. The program assists the cruise ship industry in fulfilling its responsibility for developing and implementing comprehensive sanitation programs to minimize the risk for acute gastroenteritis. Every vessel that has a foreign itinerary and carries 13 or more passengers is subject to twice-yearly inspections and, when necessary, re-inspection.
