Julian Smith : Virginia Handbook (Moon Virginia) before purchasing it in order to gage whether or not it would be worth my time, and all praised Virginia Handbook (Moon Virginia):

Each part of Virginia features completely different surroundings, from the beautiful Blue Ridge Mountains to the amazing Dixie Caverns just west of Salem. The Chesapeake Bay provides sailors and fishermen with optimal conditions, while the Shenandoah Valley and Appalachian Mountains entice visitors by their beauty alone. Historic sites abound in and around Virginia from the Pentagon to the Stratford Hall Plantation to gracious Williamsburg, to

the Eternal Flame in the Arlington National Cemetery. In addition, this guide takes an extensive look at our nation's capital and the many opportunities it affords travelers. Author and outdoor enthusiast Julian Smith also provides extensive coverage of the recreational activities available in Virginia, leading travelers to the best vacation possible.
