Detail maps of interesting roads and places to go. City maps are functional. Back side has lovely descriptions of attractions and interesting places. I recommend to those interesting in the journey, not just the desitination.2 of 2 people found the following review helpful. Really good quality map!By R. NeighborsThis map is waterproof (a good thing if you are messy or drive with you windows down during rain storms or if you are a girl scout type who wishes to always be prepared). Legends are clear; points of interest are noted; all in all it is a very good map.0 of 0 people found the following review helpful. A Good Map!By E.
