Authoritative and convenient guide By Emily Dickenson This is such a handy and informative way to identify many of the lovely trees and wildflowers we are fortunate enough to enjoy in Virginia. I recommend this guide to nature lovers. 1 of 1 people found the following review helpful. ... lot of hiking and studied Botany so these are great for that uhh moments when the old gray matter ... By Bill I do a lot of hiking and studied Botany so these are great for that uhh moments when the old gray matter can't conjure up the genus and species of what you might be looking at! This is excellent quality.

The state flower and the state tree, the American Dogwood, are one of thousands of species of plants growing in the diverse ecosystems found throughout Virginia. This beautifully illustrated guide highlights over 140 familiar and unique species of trees, shrubs and wildflowers and also includes an ecoregion map featuring prominent botanical sanctuaries. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike. Made in the USA.

From the Back Cover Virginia Trees Wildflowers, An Introduction to Familiar Species, is a must-have, reference guide for beginners and experts alike. Whether you're on a nature hike or taking a stroll in your neighborhood, you'll want to take along a copy of this indispensable guide. The Pocket Naturalist(tm) series is an introduction to common plants and animals and natural phenomena. Each pocket-sized, folding guide highlights up to 150 species and most feature a map identifying prominent sanctuaries and outstanding natural attractions. Each is laminated for durability. About the Author Zoologist Jim Kavanagh has made a career out of introducing novices to plants, animals, the sciences and world cultures. In addition to creating over 500 simplified nature guides, he has also authored guides to languages, cities and outdoor skills. An avid traveler and backpacker, Kavanagh's path has taken him around the world to many remote destinations including the upper, Africa, Australia, and the Arctic Circle (and this is just the As). He is also the author of a series of state-specific guides to common species and natural attractions and a children's book on evolution. With 650+ titles in print and 6.5 million copies sold, Waterford Press publishes the largest line of folding-format reference guides in the industry.
